RE: Case No. CV01-06789 St. Lukes, et al v Bundy, Rodriguez, et al

Dear Honorable Judge Norton:

I've never written to a Judge before; however, I believe what is happening in your Court is important enough for such correspondence.

St. Luke's Hospital is suing Ammon Bundy and Diego Rodriguez, using the law office of Holland & Hart to *weaponize the Court System*. They're flooding the defendants with all kinds of legal demands and piling-on with huge monetary penalty threats.

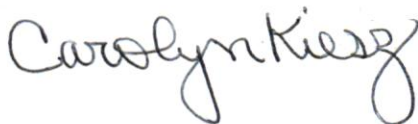

Our Nation has a *Bill of Rights*. One such right is the FREEDOM OF SPEECH. From time to time you hear about organizations with *deep pockets* using their wealth to destroy their adversary and this seems to be one of those times. The two men being sued do not have the financial wherewithal to combat what St Luke's is doing via their hired agents. They do have integrity, honesty and the *1st Amendment* on their side.

In America a person used to be able to stand up in Court and make his case without a lawyer. He didn't have to "*go by rules of a Court*." Everyone was allowed to simply stand before a Judge and explain their situation. I know this is just anecdotal, but when I grew up there was a much revered Judge in town, who had never been an attorney. She was well-respected, well-educated, honest and known to be a fair, firm, no-nonsense Judge. She held that position for decades. I hope you are a Judge like her.

I am writing to ask that you consider **dismissing this case** because it is a case where defendants were exercising their *1st Amendment* rights. To quote George Orwell, "*Free Speech is my right to say what you don't want to hear*." I think this is basically the crux of this case. St. Luke's didn't want to hear what Bundy and Rodriguez had to say. They're angry and they intend to "get even" by loosing the *Hounds of Hell* in the form of a high-priced law firm, giving them a blank check to go after these two men. Seems pretty clear to me and many others I know.

I am writing to you because the outcome of this case is important to me, as I believe the *1st Amendment* is sacrosanct in America. These men used that right to state their opinions and documented facts about St. Luke's. This case seems like a frivolous and retaliatory case that should never have gone this far. I hope it goes no further.

Respectfully,
Carolyn Kiesz (*keys)
