E1	3/12/2022	For Immediate Release: IN the early morning of March 12, 2022, while standing for parental rights and against medical tyranny, Ammon Bundy was arrested in front of St. Luke's Hospital in Meridian for the crime of disagreeing with the hospital and CPS.	https://twitter.com/RealABundy/status/1502610950666420228/photo/1		A, J
E2	3/12/2022	Please read. Last night my very good friend Diego's grandson was medically kidnapped because a medical practitioner called CPS for a missed doctor appointment. E42	7/24/2023	Massive institutions combined with the state, financially benefitting when they take a child is one of the worst combinations a parent can imagine. Therefore, to counter, the cost of stealing a baby must be extremely high and good people must assure strong consequences when it happens. Idaho CPS agents, Meridian police & St. Luke's staff so far have gotten off easy. They may have the means to use the courts to cover for their actions, but taking a baby from loving parents no matter how they abuse the courts is wrong and should never happen! People in a jury deciding how much St. Luke's is going to take from those who exposed the truth about them is a mockery to justice. When a baby is born he or she does not become property of the state or hospital executives. CPS agents, Meridian Police Officers and St. Luke's staff would do well to remember that. https://youtu.be/T04KV7Ds6EA	https://twitter.com/RealABundy/status/1683700789028753408	10/17/2023	J, O, N

Ammon Bundy @RealABundy

For Immediate Release

FOR IMMEDIATE RELEASE
March 12, 2022

**Official Statement from the
Ammon Bundy for Governor Campaign**

In the early morning of March 12, 2022, while standing for parental rights and against medical tyranny, Ammon Bundy was arrested in front of St. Luke's Hospital in Meridian for the crime of disagreeing with the hospital and CPS. Make no mistake about it, this was an ambush arrest with no legal grounds. Ammon arrived at St. Luke's in support of the Anderson family, whose baby Cyrus had been medically kidnapped earlier in the night, due to a missed non-emergency doctors appointment. Ask yourself this, if they can revoke your parental rights and take custody of your child over a missed doctor appointment, what else can they do and how did they get this power? That can be answered by looking at one of the many emergency orders imposed on the people of Idaho by Governor Brad Little. Idaho must unite against medical tyranny and take back our rights.

Is this related to the same thing you are protesting about?

It's always good to hear both sides of the story. Truth matters:

St Luke's is a private business. As a private business they have the right to ask anyone to leave. If a person who has been asked to leave does not leave, that is trespassing. Trespassing is a crime. Although you have built your whole life around trespassing so not surprised.

Ammon Bundy @RealABundy

Please read. Last night my very good friend Diego's grandson was medically kidnapped because a medical practitioner called CPS for a missed doctor appointment. If this happened to them, it could happen to you. We must stand against this medical tyranny. freedomman.org/cyrus/

Dear Ammon, I know facts are a difficult concept for you to understand, but this baby was being harmed by the parents. A child which loses weight at this age is having a health crisis. CPS very probably saved this child's life.

A hospital/ business and that includes doctors and establishments they have every right to eat their rules regarding conduct, thus your arriet.Your problem is your anti-American stance thinking you could just bowl over laws, rules, ordinances whenever it suits YOU

That's why you're so dangerous enticing people to break the law break rules of other entities whenever it suits their particular purpose. We'd all be in trouble everybody did that whenever they had a particular personal grievance. This is a country of law and order. Period

Guess a lot of these people's mamas never told them, "If you don't have something nice to say, don't say anything at all". I read the press releases, but don't know the full/true story from any side. Almost nobody does. Does any of that warrant a blind attack on someone?

Here is proof that St.Luke's KNEW that Baby Cyrus was NOT in imminent danger the night he was taken. Yet they kept him from his mother (his only source of nutrition) anyways.

The State of Idaho has admitted they were wrong, returned Cyrus and dropped all charges against the family.

Why won't St.Luke's admit they were wrong and drop the lawsuit?

 You and Diego have told a one-sided story hundreds of times on several podcasts. I recall when it happened, as it happened, and have CPS experience.
 Yes, you might get a bad case worker, but it was set up so everyone involved was 'bad' and 'evil' to you. Yet all tried to help.

Burl Falconcrest, True King of Iowa @RyanLankford · May 8
 If only you shared these "details" in court, rather than hiding and dodging process servers like a common coward...words out of a Bundy mouth are less than worthless.

Monica @Monica95512379 · May 10
 This was amazing! So much information

Roxie Gimenez @RoxJG23 · May 9
 Thank you Ammon for the heads up. We will definitely be tuning in.

 I miss those PT Santelli vids , even though he was later outted as a fed; at least he was entertaining; this stuff reeks

Jocymama @TheJocymama · May 10
 America is really tired of your temper tantrums Ammon. When people talk of white privilege you're the poster child. A white man who thinks he's above the law, can do whatever he FEELS is right & doesn't have to pay for his bad choices, especially when they harm others.
 ...MAN UP !!

Chris Zinda @zinwhit · May 8
 I find it telling that these pictures are of The Bundys with Cyrus. Diego in the other. Seems to me you folks could have fit in at least ONE picture of Cyrus with his parents.
 Is this about them or you?
 (And, just give one time zone. People can figure it out [maybe].)

Do not be surprised when the feds come knocking on Ammon Bundy, Diego Rodriguez, Aaron Welling and Nate Jones' doors to serve arrest warrants for fraud, money laundering, wire transfer & conspiracy to commit.

Thing is St. Lukes and the state can't release Cyrus's medical records w/o his parents permission. So their hands are tied and they can't say why child needed medical care. But the pics of that baby looked emaciated. If rumor true, 10 month old only on mom's milk seems no wonder.

One visit to the doctor and the Anderson's happy life of joy and love turned into their worst nightmare. It is too easy for our children to be taken away. Thankfully the Andersons had people that stood and fought until their family was reunited.

This time last year, Diego and I celebrated CPS' reluctant return of Diego's grandson Cyrus. However, since then we have been hunted like the early day reformers and are now both fugitives of the law. All because we would not stay silent about the wrongful taking of baby Cyrus. We are now in a new stage of deterioration in the legal process where our children can be taken and if we don't shut up about it powerful institutions will use the force of law to punish us.

Update from June 7, 2023

St. Lukes and Holland & Hart are trying to make an example out of Diego and I by suing us for 7.5 million dollars for speaking out when Baby Cyrus was taken.

It appears that Holland & Hart is trying to stifle the people's voices and crush their ability to speak out against institutions or the government when they do wrong.

St. Luke's, one of the largest institutions in Idaho, has civilly sued me because they didn't like what I said when Baby Cyrus was taken. What started out as a 50,000 judgement has now increased to an egregious amount of 7.5 million.

If they didn't steal Baby Cyrus, none of this would have happened.

I only spoke the absolute truth when it came to Baby Cyrus and St.Luke's is now trying to get the courts to justify them taking everything we own.

Massive institutions combined with the state, financially benefitting when they take a child is one of the worst combinations a parent can imagine. Therefore, to counter, the cost of stealing a baby must be extremely high and good people must assure strong consequences when it happens. Idaho CPS agents, Meridian police & St. Luke's staff so far have gotten off easy. They may have the means to use the courts to cover for their actions, but taking a baby from loving parents no matter how they abuse the courts is wrong and should never happen! People in a jury deciding how much St. Luke's is going to take from those who exposed the truth about them is a mockery to justice. When a baby is born he or she does not become property of the state or hospital executives, CPS agents, Meridian Police Officers and St. Luke's staff would do well to remember that.

St. Luke's Children's Hospital webpage is still advertising minor hormone therapy and sex change surgeries. This video gives proof.

Here is a link to one of St. Luke's Hospital pages advertising transgender surgeries and hormone therapy for minors: stlukesonline.org/communi...

Idaho passed a law that made both minor hormone therapy and child sex change surgeries illegal. However, that Idaho law does not go into effect until 2024. I guess all the children until then are sacrificial lambs to St. Luke's Hospital Executives.

St. Luke's executives, lawyers & witnesses lied to the jury many times. Here are a few examples of them lying to the jury. No wonder the jury was so motivated to hang us with \$52 Million. Idaho is not a place for lying doctors, lawyers, executives and reporters...go somewhere else to do your lying!

Will They Kill to Silence? Is this Really about Defamation?

Damning evidence that Idaho CPS, Meridian Police and St. Luke's Hospital wrongfully took a baby and will stop at nothing to silence.

Check this video out for more evidence. They even lied to the jury!
